Peels

We take skin health seriously! When peeling and deeply exfoliating the skin it's important to use cosmeceutical high quality skin peels that not only exfoliate the skin they rebalance nourish and hydrate at the same time. After an in depth skin analysis, we will guide you on what peel is the best for your own individual needs.

Hydrating lactobotanical peel	\$120.00
Blueberry smoothie	\$120.00
Pomegranate antioxidant peel	\$120.00
Pigmentation and problem peel	\$150.00
Timeless and antiaging peel	\$200.00

Cosmelan or Dermelan

Cosmelan	\$1299.00
Dermelan	\$1599.00

This is a highly concentrated targeted peel compounded specifically to target stubborn pigment. This treatment program includes a medicated 3 month home care treatment included in the cost of initial treatment.

Skin needling + PRP

\$499.00

Our qualified Nurse removes your own blood and placing it in a special machine called a centrifuge. Using this equipment, we are able to separate your PRP (Platelet Rich Plasma) which is like liquid gold. This super nutrient-dense fluid containing growth factors, fibrins, and proteins is then re-inserted into your face, to fight ageing, wrinkle reduction and aid the enhancement of your skin's texture and illumination.

Skin needling

\$199 .00

Skin Needling kicks collagen production into overdrive! A mini course will treat a number of scarring re-texturization and colour perfection concerns. It leaves your skin alive and glowing.

We use a clinically advanced skin-needling device that uses sterile one-use cartridges. Our device stimulates the collagen response process by creating precise micro injuries in the skin. This results in the self-production of collagen and elastin and increases cell turnover. This procedure effectively results in a healthier skin complexion, reduces acne scarring, stretch marks, fine lines and skin imperfections

Skin needling + Meso

\$299 .00

We combine Skin Needling kicks with a specially design antioxidant cocktail to target your own personal needs. A mini course will treat a number of scarring re-texturization and colour perfection concerns. It leaves your skin alive and glowing. We use a clinically advanced skin-needling device that uses sterile one-use cartridges along with a sterile antioxidant cocktail specifically designed to be infused into the skin. Our device stimulates the collagen response process by creating precise micro injuries in the skin. This results in the self-production of collagen and elastin and increases cell turnover. This procedure effectively results in a healthier skin complexion, reduces acne scarring, stretch marks, fine lines and skin imperfections.
